

Small Group Checklist

Week 1 and 2 (Atleast -2 Weeks before your group start)

1. Secure and meet with your Co-Leader (if applicable)
2. Touch base with a mentor (coach / fan team leader / more experienced group leader)
3. Secure Host if not meeting at your home/room
4. Secure Meeting Location
5. Invite people from contact cards / contact info given to you (yes, you can invite over the phone or coffee!)
6. If meeting in a dorm, walk around with your host or another resident and meet as many people as possible. In the future, walking around and inviting others to connect group will be easier since you already know people.
7. Don't talk to anyone you know at the next couple large group meetings. Make new friends!
8. Pray over your first connect group (MOST IMPORTANT)
10. Follow up with contacts a couple days before your first connect group to remind everyone of the time/place and see who is coming
11. Ensure your pastor or small group coordinator knows the time/location of your group!

These are just a few items that will help you get off to a great start in small group!
